Treasure Map
Level 3 / Ages 7+
Mapping

Make a Map!

Create a map that shows the best way to get from your home to a favorite spot!

Start by drawing a rough sketch

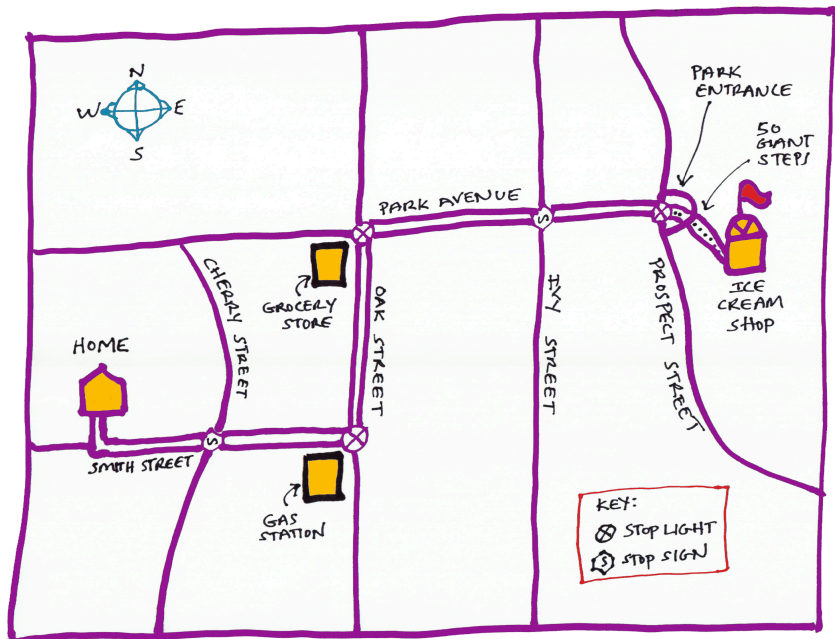

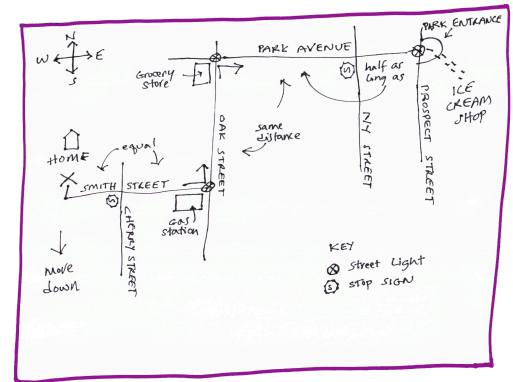

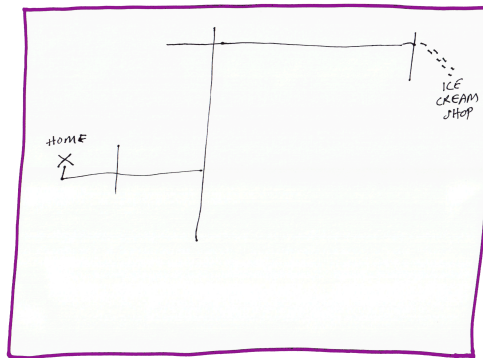

- Review your sketch.

Add some detail

- Have you shown all the turns and directions?
- Are the streets labeled?
- Have you created a key for any symbols you have used?
- Are the dimensions and scale correct?
- Have you added visual cues?
- Did you include the cardinal directions (North, South, East, West)?

Now, make your finished map.

Give your map to a friend and see if it works!
